

## R Type Series PT-35E18-R (\*)

- (1) 3.5VA
- (2) UL, CSA, BS-415, IEC-65,  
Electrical appliances and materials  
safety law
- (3) 1.5kV, 4kV
- (4) Hard pin adopted. Dip type.

Unit: mm

- (1) Standard output power
- (2) Compatible safety standards
- (3) Withstanding voltage
- (4) Others

- \*FP
- a. The core position differs by 90° from other models and the direction of leakage magnetic field changes.
  - b. For the same core size, the mounting hole size can be unified.
  - c. A provisionally holding hook is provided from the transformer mold.
